PROJECT TITLE: East Parcel Information Signs Project (14/15-OC-11)

LOCATION: San Onofre State Park

COUNTY: Orange

DESCRIPTION OF THE NATURE AND PURPOSE OF PROJECT:

This project will install symbolic, regulatory signs at 10 key access points in San Onofre East Parcel. Currently, minimal signage exists at public access points and little to no information is available to the public regarding responsible land use. The lack of information results in heavy off-road vehicle use, trail cutting and irresponsible dog use

Signs will consist of a 30" x 38" DPR approved sign mounted on 2, 4" x 4" wood posts. The posts will be dug 3' into the ground and secured by concrete. All locations are previously disturbed earth as they are adjacent to firebreaks or existing road beds. It is hoped that this project will be completed during the winter of 2014-2015 when soil conditions are conducive to post installation.

DPR-approved standard project requirements have been incorporated into this project. A copy of these requirements may be obtained by submitting a request to the project Environmental Coordinator listed below.
